

# Fade (Etherwood VIP)

## Jakwob

Find myself picking up the pieces of me that you discarded  
So this what they talk about when they say broken hearted  
Thought I was a together kind of person the type who had it handled  
As fate would have it I'm exploding, like a roman candle, ohAnd it's pretty in the sky  
Such a beautiful way to die  
But I want my sparkle back  
Why does it always fade to black?I broke down ignition when I'm thinking in of something  
Really don't keep going in unless it's onto nothing  
You could have had anything you wanted from me, I'm a catch  
I looked up to you so much, it's a shame you never noticed thatOh, and it's pretty in the sky  
Such a beautiful way to die  
But I want my sparkle back  
Why does it always fade to black?We never said goodbye,  
At least you don't get to see me cry  
Cry  
Cry  
At least you don't get to see me cryEven if it's wrong enough, I just wanted to be loved  
Even if it's wrong enough, I just wanted to be loved  
Even if it's wrong enough, I just wanted to be loved  
Loved, loved, I just wanted to be loved  
Loved, loved, I just wanted to be loved  
Loved, loved, I just wanted to be lovedAnd it's pretty in the sky  
Such a beautiful way to die  
But I want my sparkle back  
Why does it always fade to black?
