

# Blessed By Damnation

## Acheron

[Intro #3]

The Christian concept of God - God as God of the sick, God as spider, God as spirit - is one of the most corrupt conceptions of god arrived at on this earth: perhaps it even represents the low-water mark in the descending development of the god type. God degenerated to the contradiction of life, instead of being the transfiguration and eternal Yes! In God a declaration of hostility towards life, nature, the will to life! God the formula for every calumny of 'this world', for every lie about 'the next world'! In God nothingness defied, the will to nothingness sanctified!...Infernal flames soothe my condemned soul, as torture becomes lust

Burning flesh becomes a painful pleasure in the bowels of the abyss  
Blessed by damnation, blessed by damnation  
Screams of anguish turn into bliss, while skin is being scorched  
The fires blazing throughout this barren land brings forth endless ecstasy  
Burn, I shall burn, as Hell consumes my soul

Burn, forever burn, darkness has full control  
Boiling blood and disfigured bodies are found within this place  
Before Satan, I have given all to become part of his creation  
Blessed by damnation, blessed by damnation
