So I'm outside of the club and you think I'm a punk  
So I go to my loaded tech 9 that's off in the trunk

I told that motherfucker

I ain't never scared (East side)

I ain't never scared (West side)

I ain't never scared (South side)

I ain't never scared (North side)

I ain't never scared (South side)

I ain't never scared (East side)

I ain't never scared (West side)Let the choppa go blow to your melon

Now the plasma is oozin outta yo cerebellum

Attention! Fuck nigga, now you swellin

You ain't talkin hardcore, now is ya? Lil' bitch

Got'em runnin scared of a bigger nigga

'Cause I put the heat to his ummm Hilfiger

Now on dat drank and on some of dat dank

Pistols gettin bursted now I need something to drank[Chorus]I got a hot 4 fever, call that bitch Bonita

Knock the apple off any bum with the hollow heat seeker

Red Cross bitch niggas, fuck the pint, she take blood by the litre

I'll never leave her, my viscous vixen

On liquor, send dat ass to God quicker

No matter yo religion, you Muslim, Hebrew or Christian

She indiscriminate with punishment, she send 'em missin

My gun's my favourite bitch and

And she got permanent PMS so she stay bitchin![Chorus]No, I ain't bad, just don't kiss no ass or take shit

And I'm a grown man, find you somebody to play wit

If you don't like me when you see me, betta not say shit  
I'll choke yo ass out like Dre did that bitch  
You betta tell these pussies they ain't fuckin wit no rookie  
I'm a Bankhead nigga, I'll take yo cookies  
So don't make it a me or you situation  
I'll have yo partner down in ICU visitation  
Like, hope for the best, but I don't think he gon' make it  
Not the way he was shiverin and shakin on the pavement  
I'll tell you what, if you make it, call 'em grace 'cause he amazin'  
Find out these verses wasn't the only thing blazin' and  
Just when you thought that I was done I was savin' the  
Best for last, nigga kiss my ass  
Like Della Reese, they my folks, it's best you just let 'em be  
'Cause I do the shit precincts and them feds just ain't never see nigga[Chorus]Yeah nigga! Just break 'em off  
muthafucka  
We the real niggas. All you hatin' motherfuckas, underachievers  
Step back, hoe nigga! Listen closely  
We ain't never scared of none of you niggas!
