Love You Better

Jimi Blue

One night, one chance
That's all we need to make it right
Baby, I don't understand why
You wanna be with him when he only makes you cry
I see the pain in your eyes
Baby I can see that you're dieing inside
But if you come with me
Tonight will be the night that you'll never forgetUh, baby you and me, we can run away
Find a little place, we can hide away
He doesn't care about you anyway, anywayCause tonight could be forever
Just you and I, we'll touch the sky
And if you say we'll be together
I promise you that you won't have to cryI can love you better
I can love you better, I can love you better
I can love you better
I can love you, I can love you better than he canSo many times he let you down
Wanna be a player while he fooled around
He dropped his dime, I picked it up
So I'm gonna make it shine {shine}
Like the star you are
If you come with me baby, you'll go far
{Go far} Go far {go far}
Tonight will be the night that you'll never forgetUh, baby you and me, we can run away
Find a little place, we can hide away
He doesn't care about you anyway, anywayCause tonight could be forever
Just you and I, we'll touch the sky
And if you say we'll be together
I promise you that you won't have to cryI can love you better
I can love you better, I can love you better
I can love you better
I can love you, I can love you better than he canI can love you better
I can love you better than he can
One night, one chance
That's all we need just to make it right
One night, one chance
One night, one nightCause tonight could be forever
Just you and I, we'll touch the sky
And if you say we'll be together
I promise you that you won't have to cryI can love you better

I can love you better, I can love you better
I can love you better
I can love you, I can love you better than he canI can love you better
I can love you better, I can love you better
I can love you better
I can love you, I can love you better than he canI can love you better
Forever, forever
Together, together
Forever, forever
Together, together
Forever, forever
Together, together
Forever, forever
Together, together
Forever, forever
