Nothing Like This

Rascal Flatts

There's nothing in my life I'd say I regret
But there's something in your eyes that makes me forget
The times that I believed that love was good as love could be
I had it all, but I was wrongThought I'd been touched
Thought I'd been kissed
Thought I'd been loved
But it was nothing like thisYou can't describe the sea unless you've been there before
It's just a mystery until you're standing on the shore
And moved by every wave, taking your breath away
Like you do to meThought I'd been touched
Thought I'd been kissed
Thought I'd been loved
But it was nothing, nothing like thisIt's like another life
Like I hadn't felt a thing
Until youThought I'd been touched
Thought I'd been kissed
Thought I'd been loved
But it was nothing, nothing like thisOh, it was nothing like this
Nothing like, nothing like this
