Unbreak Broken (feat. Dara Niemi)

[Nate Moran](#)

You're leavin'
Put me in a million pieces
Just like that 8x10
Ripped up on the floor

Those reasons
Make it hard to breathe in
And my last words are
I don't need you anymore

So tell me how do I
Un-slam a slammin' door
Get back what we had before
Take those break lights, turn 'me into headlights
And point them things back in my drive
I'll unsay the words that made you go away
Stop those tears from fallin'
Get your heart back up and runnin'
And unbreak broken

Well god knows
If i can make it all whole
I'll put off forever
Put it back together
Like it never fell apart

Un-slam a slammin' door
Get back what we had before
Take those break lights, turn 'me into headlights
And point them things back in my drive
I'll unsay the words that made you go away
Stop those tears from fallin'
Get your heart back up and runnin'
And unbreak broken

Oh, unbreak broken

Un-slam a slammin' door
Get back what we had before
Take those break lights, turn 'me into headlights

And point them things back in my drive
I'll unsay the words that made you go away
Stop those tears from fallin'
Get your heart back up and runnin'
And unbreak broken

And unbreak broken
