Say What You Want To Say

Hit the Lights

Out of friends, at an end for sure
When you've got no side to side with you'll deal with that
It's a waste, time it takes if you think that I
Ever want a confession or an alibiJust say what you wanna say
It's not gonna change anything
You've got it wrong
Go ahead and blame who you wanna blame
It's not gonna change anythingSo say what you wanna say
Say what you wanna sayTurn it on, crank it up, get what's coming to ya
You let your friends down, let me tell you how
Aftermath, payback 'cause talk is cheap
You'll lose your bite trading teeth in for your enemiesSay what you wanna say
It's not gonna change anything
You've got it wrong
Go ahead and blame who you wanna blame
It's not gonna change anythingTurn it on, crank it up, get what's coming to ya
You let your friends down, you let your friends downI take it back, take it back
Take back every single word I wrote, word I wrote about you
I take it back, take it back
Take back every single time I stuck my neck out and let my guard down
Time I could have spent on anything other than youSay what you wanna say
It's not gonna change anything
You've got it wrong
Go ahead and blame who you wanna blame
It's not gonna change anything, anythingSay what you wanna say
It's not gonna change anything
You've got it wrong
Go ahead and blame who you wanna blame
It's not gonna change anythingSay what you wanna say
Say what you wanna say
Say what you wanna say
Say what you wanna say
