

Love In Her Eyes

Reckless Kelly

She's shining in the moonlight
Staring back at a midnight sky
That girl's got love in her eyes And they're cutting like diamonds
Leave me bleeding inside
That girl's got love in her eyes Her soul wide open I can see right through
Wears her heart on her sleeve but it's all for you
That girl's got love in her eyes I better bite my tongue
I better swallow my pride
That girl's got love in her eyes
The girl's got love in her eyes I saw you looking at her picture
What a beautiful prize
That girl's got love in her eyes You better count your blessings
You better treat her right
That girl's got love in her eyes I better watch my step
I'm only gonna hurt my pride
That girl's got love in her eyes
The girl's got love in her eyes You got the world at your fingers
Your future laid out for miles
That girl's got love in her eyes So when you're taking your chances
Don't waste 'em like mine
That girl's got love in her eyes
The girl's got love in her eyes The girl's got love in her eyes
The girl's got love in her eyes
The girl's got love in her eyes
