

# Some Place On Earth

## The Downtown Fiction

This is the rush you get  
When everything feels so good  
And in a moment, the feeling's gone  
These are the things we said  
That we let go to our head  
And then we realize, what we've done  
This is the song that we sing  
For every loser and king  
For all the friends and the thieves  
Some place on earth  
This is the day that we'll see  
That everything's make-believe  
We've all got somewhere to be  
Some place on earth  
Here's to our expectations  
Suffering mass-deflation  
When somebody let's us down  
And here's to the bets we placed  
That came down to just one race  
And in a second, we've lost it all  
This is the song that we sing  
For every loser and king  
For all the friends and the thieves  
Some place on earth  
This is the day that we'll see  
That everything's make-believe  
We've all got somewhere to be  
Some place on earth
