

# Never

## House of Freaks

From my window  
I thought I saw you walking by  
By my window

From my doorway  
I thought I heard  
Your voice  
Calling me softly

Oh, but I've convinced myself  
I don't miss you  
Oh, I wanna tell you now  
I never think of you

Night are lonely  
And the days  
Never  
Goes by slowly

I sleep alone now  
But I never  
Never  
Miss your embraces

oh, but I've convinced myself  
I don't miss you  
Oh, I wanna tell you now  
I never think of you

What ever happened  
To the love I had for you?

I never think of you  
When I think of you  
I don't think of you  
I never think of you
