

Don't Hold the Wall

Justin Timberlake

Dance, don't hold the wall
Dance, don't, don't, don't hold the wall
Dance, dance, don't hold the wall
Da-da-dance, don't hold the wall Come on on the floor with them legs
It's getting down but I'll get up
'Cause I heard you tell your girlfriends that I deserve better
Well, I think you look better
But you're so far, I had to go get ya Take you to the light
It's dark in the back
You started movin', you put an arch in your back
Closer to me, closer to me
Sippin' your drink and you're getting closer to me
Dance in the light, startin' to see
You started moving, you're getting closer to me
And now you won't even let me go
So baby hold on Dance, don't hold the wall
Let it go
Dance, don't, don't, don't hold the wall
Baby hold on
Dance don't hold the wall
Let it go
Dance don't hold the wall Dance, (What you do to me?)
Dance, don't, don't, don't, hold the wall
Dance, dance, (What you do to me?)
Da-da-dance, don't hold the wall Dance, dance, don't hold the wall
Da-da-dance, don't hold the wall I think I heard what you said
He's not what you thought and you're fed up
I heard your girlfriend tell you, you could do better
Well, I'm the best ever
But you're so far, I had to come get ya Take you to the light
It's dark in the back
You started movin', you put an arch in your back
Closer to me, closer to me
Sippin' your drink and you're getting closer to me
Dance in the light, startin' to see
You started moving, you're getting closer to me
And now you won't even let me go
So baby hold on Dance, don't hold the wall
Let it go

Dance, don't, don't, don't hold the wall
Baby hold on
Dance don't hold the wall
Let it go
Dance don't hold the wallDance, (What you do to me?)
Dance, don't, don't, don't, hold the wall
Dance, dance, (What you do to me?)
Da-da-danceDance, don't hold the wall
Dance, don't hold the wallDance, don't hold the wall
Let it go
Dance, don't, don't, don't hold the wall
Baby hold on
Dance don't hold the wall
Let it go
Dance don't hold the wallDance, (What you do to me?)
Dance, don't, don't, don't, hold the wall
Dance, dance, (What you do to me?)
Da-da-dance, don't hold the wallCome on the floor and dance
It's getting down but I'll get up
Come on the floor and dance
It's getting down but I'll get upCome on and dance
Come on baby dance with me
Take my hand
Get on the floor
Come on baby dance with me
Please don't hold the wall
Please don't hold the wall tonight
We're gonna do it all
So please don't hold the wall tonightDance
Come on baby dance with me
Take my hand
Get on the floor
Come on baby dance with me
Please don't hold the wall
Please don't hold the wall tonight
We're gonna do it all
So please don't hold the wall tonightWhere you running to?
Where you running to?
Don't hold the wall
Where you running to?
Hey, where you running to?
Dance, don't hold the wallDon't hold the wall
Dance, don't hold the wall
Dance, don't hold the wall
Dance, don't hold the wall
