Follow Your Star

Leonard Nimoy

You can reach for the stars
And know that in your heart
You have the strength deep inside.
Let it be your guide.
You can fly past the moon
And race all afternoon.
Don't be afraid to make a choice.
Raise your voice.Just follow your star.
Spread your wings and be free.
Wherever you are
Is right where you should be.
So listen to your heart
And believe in what you dream.
And follow, follow your star.
There's a time when you know
How to find your destiny.
With each turn in the road
It's clear for you to see.
So push through the days;
Don't let your spirit fade.
Throw away all your doubts.
Oh, sing out loud.Just follow your star.
Spread your wings and be free.
Wherever you are
Is right where you should be.
So listen to your heart
And believe in what you dream.
And follow, follow your star.
Just follow your star.
Spread your wings and be free.
Wherever you are
Is right where you should be.
So listen to your heart
And believe in what you dream.
And follow, follow your star.Follow your star.
Follow your star.
Follow your star.
Follow your star.Follow your star.
Follow your star.

Follow your star.
Follow your star.
Follow your star.
Just follow your star.
