Whoo WOOO

Whoo WOOO

[Hook]

Where my owls at

N where my gals at

N to the fellas, where my pounds at

I know you found that

Nakturnalœ™s about that

Seeing through the darkness

Now let me get a soul clap (2x)

And let me hear you say

Whoo WOOO

Whoo WOOO

All day

[Verse 1]

Who are you, how do you do

Come on here, sit down, grab a brew, join my crew

Iœ™m hoping you donœ™t think that I am preachy or pompous

I can promise you my intention was the opposite

Cause see I donœ™t have much time to be talkin bout partyin, or drinkin wine

œ™Stead Iœ™ll tell you how I lost my mind n

Then I got it back, with a soul clap and a œ~ommmœ™

Burn the incense, wake the drone

Dial tone, get on the phone

Spread the word, get in the zone

Cause birds of a feather can flock thru any weather

And I think its better, if we unite the tribe n do this forever, uh

Stack a lil chedda, eat it all together

Make a new gift economy

Then forgetta bout the past, rewrite, think fast

Now put this track
On blast

[Hook]

Where my owls at
N where my gals at
N to the fellas, where my pounds at
I know you found that
Nakturnalâ€™s about that
Seeing through the darkness
Now let me get a soul clap (2x)
And let me hear you say
Whoo WOOO
Whoo WOOO
All day

[Verse 2]

Yeah, I hear the hate, decided weâ€™re Illuminati
Kinda funny and your late
Let me help you now relate
You said you â€™crazy witchâ€™ donâ€™t let um here you spit
Who do you think you are and who did you come wit
Turns out I got a whole squad
Owls on my side
The nakturnal tribe, weâ€™d rather walk instead a ride
Feel the ground beneath our feet, we marchin in the street
Awakenin fears on blast so we could delete, complete
Put the past where it belong, we all from one home
She called gaia mother earth and the planets prone
To be unforgiving, if we donâ€™t change how weâ€™re living
In your being, what your seeing
Can be deceiving
but weâ€™re responsible for what weâ€™re streaming
Out of transmission towers that we call brains
Our electric heart, more powerful than fame
So send out love and say WhoWOOO after your name

[Hook]

Where my owls at
N where my gals at
N to the fellas, where my pounds at
I know you found that
Nakturnalâ€™s about that
Seeing through the darkness
Now let me get a soul clap (2x)

And let me hear you say

Whoo WOOO

Whoo WOOO

All day

[Bridge]

Where my owls at

Where my gals at

and to the fellas

Where my pounds at

I know you found that

Nakturnals about that

Seeing through the darkness

Now let me get a soul clap

[Hook 2x]

Where my owls at

N where my gals at

N to the fellas, where my pounds at

I know you found that

Nakturnalâ€™s about that

Seeing through the darkness

Now let me get a soul clap (2x)

And let me hear you say

Whoo WOOO

Whoo WOOO

All day
