

Broken Song (feat. Chris Carmack)

Nashville Cast

I'm a rusty set of strings that I keep windin'
there's a melody in me and I'm gonna find it
I try to get the words right but they mostly come out wrong
I'm a broken guitar workin' on a broken song I'm a busted cowboy lookin' for a horse to ride
I'm a gust of wind lookin' for another sky
i got movin' in these worn out boots but restless in my bones
I'm a broken guitar workin' on a broken song and I'm a whole lot of tryin'
and I'm fallin' down right after flyin'
I spend a whole of time in this life tryin' to find something I rhyme with I'm a story that I don't know how to tell
just a penny lookin' for a wishing well
I guess I'll keep on singin' till I hear someone sing along
I'm a broken guitar workin' on a broken song and I'm a whole lot of tryin'
and I'm fallin' down right after flyin'
I spend a whole of time in this life tryin' to find something I rhyme with and I'm a whole lot of tryin'
and I'm fallin' down right after flyin'
I spend a whole of time in this life tryin' to find something I rhyme with and I rhyme with you
