

Invisible

Dream Evil

People see right through me
Treat me like I'm air
Talking shit about me as
As if I am not there
No one seems to listen
No one seems to care
All this makes me wonder

Am I really here - Am I really hereInvisible - Is there no remedy or cure

Invisible - I get repeatedly ignored
Invisible - I just can't take it anymore

Someone tell me what the hell is going onCan it be I'm dreaming

Can it be I'm dead
Would I've missed if someone came
And shot me through the head
What the hell has happened
What have I done wrong
Please somebody tell me

What is going on - What is going onInvisible - I scream but no one seems to hear

Invisible - I fear the ending must be near
Invisible - I leave no footprints in the snow

Will it be like this forever - What am I supposed to do
