

# You Ought to Be with Me

Al Green

Sit right down and talk to me  
About how you want to be  
You ought to be with me  
Yeah, you ought to be with me Thinking about what people do  
Talking about how I love you  
Thinking there's nothing to what they say  
You're going to be with me, anyway They don't want to see us do  
All of the things we want to  
You ought to be with me  
Hey, you ought to be with me You don't have to waste my time  
If you want to be a friend of mine  
You can leave me now and walk away  
And turn your back for another day Oh babe, yeah, yeah Say you ought to be the kind of girl  
That can brighten this old world  
And it's hard to see why you and me  
Can't be together happily I'm trying to realize  
You being with some other guy  
I don't know the reason why  
You ought to be with me until I die You ought to be with me until I die I don't want to waste my time  
If you want to be a friend of mine  
I want to hold you tight, love you right  
Put good feelin' in your night
