

# Advertising Space

## Frank Robert

There's no earthly way of knowing  
What was in your heart when it stopped going  
The whole world shook  
A storm was blowing through youWaiting for God to stop this  
And up to your neck in darkness  
Everyone around you was corrupted  
Say somethingThere's no dignity in death  
To sell the world your last breath  
We're still fighting  
Over everything you leftI saw you standing at the gates  
When Marlon Brando passed away  
You had that look upon your face  
Advertising spaceNo one learned from your mistakes  
We let our prophets go to waste  
All that's left in any case  
Is advertising spaceThrough your eyes the world was burning  
"Please be gentle, I'm still learning"  
You seemed to say as you kept turning upThey poisoned you with compromise  
But at what point did you realize  
Everybody loves your life but you?A special agent for the man  
Through Watergate and Vietnam  
No one really gave a damn  
Do you think the C.I.A. did?I saw you standing at the gates  
When Marlon Brando passed away  
You had that look upon your face  
Advertising spaceNo one learned from your mistakes  
We let our prophets go to waste  
All that's left in any case  
Is advertising spaceNo one learned from your mistakes  
We let our prophets go to waste  
All that's left in any case  
Is advertising spaceI've seen your daughter man  
She's cute  
I was scared but I wanted to  
Boy, she looks a lot like you
