Police Oppression

The Offenders

I just cant take much more of this oppression
I'm going out of my head and its getting that impression
I'm gunna go out for a walk
I'm gunna sit down and have talk
There asking me how, and they're asking me why, have you ever seen grown men cry?police police police oppression, police police police oppressionreally find it hard even walking round the streets
hey i know u son ill knock u off ur feet
same number a million times before,
shut ur mouth son or ill knock u on the floorpolice police police oppression, police police police oppressionI just cant take much more of this oppression
I'm going out of my head and its getting that impression
I'm gunna go out for a walk
I'm gunna sit down and have talk
There asking me how, and they're asking me why, have you ever seen grown men cry?police police oppression police police oppressionLying in the cells is really no fun
Counting the bricks learning some tricks
Ask me no questions and I'll tell you no lies
Is being different really a crime?police police police oppression
police police police oppression
police police police police police
