

# Speak Up

## Janne Schra

Speak up, your silence is killin' me  
I've had enough, baby speak up  
Are you lovin' or hatin' me?  
'Cause I can never tellI'll be the first to admit it, been silent for a minute  
Thinkin' like damn, is he feelin' me?  
We fell in love, took a second but now I'm always checkin'  
'Cause I never hear you say what you really thinkSome days I feel it then I feel it's over  
Some days we're hotter then some days we're colder  
When you open up our love is alive  
But now you're quiet and I'm dyin' insideSo baby speak up 'cause your silence is killin' me  
I've had enough, baby speak up  
Are you lovin' or hatin' me?  
'Cause I can never tell, I can never tellJust let your heart say what you can't say, speak up  
Let your heart say what you won't say, speak up  
Don't let the silence tear us away  
'Cause I can never tell, I can never tell  
If you don't speak upI don't know where you've been but nothin's makin' sense  
I'm standin' on this fence for you  
And even when you're here somehow you disappear  
If I could read your mind I'd know just what to doSome days I feel it then I feel it's over  
Some days we're hotter then some days we're colder  
When you open up our love is alive  
And now you're quiet and I'm dyin' insideSo baby speak up 'cause your silence is killin' me  
I've had enough, baby speak up  
Are you lovin' or hatin' me?  
'Cause I can never tell, I can never tellJust let your heart say what you can't say, speak up  
Let your heart say what you won't say, speak up  
Don't let the silence tear us away  
'Cause I can never tell, I can never tellSpeak up, I'll be at the door before the sun comes up  
Boy, catch me if you can while I'm poppin' that clutch  
Tried to be the one, I gave it all I've got  
I'm givin' you your last shotIf you don't speak up  
Say all the words that you never said  
Write all the letters that I never read  
Show me your words or the love is dead  
Just wanna hear it from youFirst to admit it, been silent for a minute  
Thinkin' like damn is he feelin' me?  
We fell in love, took a second but you're about to wreck it  
'Cause I never hear you say what you really needBaby speak up 'cause your silence is killin' me

I've had enough, baby speak up

Are you lovin' or hatin' me

'Cause I can never tell, I can never tell Just let your heart say what you can't say, speak up

Let your heart say what you won't say, speak up

Don't let the silence tear us away

'Cause I can never tell, I can never tell

Speak up If you don't speak up

Open up your mouth ' cause baby I'm listenin'
