

Singing American

[Jason Collett](#)

R&B on a BBC blue eyed star on MVR
Did your dreams across the sea
The mountain leads massively
Look at all the English gals
Singing American soul
Looking on the English gals
Singing American soul
You came from Northern Street
But you bleached your teeth
When you were voted best south by southwest
Short hands show where I can roll would you box me in other
Than the free looking at the English boys
Signing American souls
Looking on the English boys
Picking American banjoFed up and feathering ya'll want to sing in American
Further up and further in
We all want to sing in American
We all want to sing in American
We all want to sing in American
We all want to sing in American
We all want to sing in American
American souls
