Trapped In

Division of Laura Lee

Can't get a hold of the leaf that I need
There is no end to the to streets I'm on my kneesAnd I wish some day things would get better
I've been trapped in this black hole for too longCan't understand a word of what you sayin'
I never bothered to listen any wayAnd I know some day things will get better
I've been trapped in this black hole for too longI'm trapped in, I've been trippin'
I'm furious over the state I'm in
I'm trapped in, I've been trippin'
I'm furious over the state I'm inI'm trapped in, I've been trippin'
I'm furious over the state I'm inAnd I know some day things will get better
I've been trapped in this black hole for too long
