# Stone Soul

## Finger Eleven

If I were made of stone
Could you shake my soul
To its very core
Like no one could before?
Now you turned me into such a fool
And you know it's true
And if I never make it back to you
Just know I wanted to
If I were made of stone
Could you shake my soul
To its very core?
No one could before
It was easy to
Block the thought of you
But you get right through
And I'm glad you do
Now you turned me into such a fool
And you know it's true
And if I never make it back to you
Just know I wanted to
I don't know how I can tell you straight
It's gotta be just the right time anyways
I swear to God one day
I'm gonna say it to your face
Yeah, one day
If I were made of stone
Could you shake my soul
To its very core
Like no one could before?
Now you turned me into such a fool
And I don't know if you know it's true
But if I never make it back to you
Just know I wanted to
Just know I wanted to
Just know I wanted to
And I don't know
If you know it's true
But if I never make it back to you
Just know I wanted to
