Someday Soon

Harlem

I wanna be the one who knows everything about you
I wanna be the one who's always on your mind
I wanna be the one to get all of your affection and attention
You're the one that I've been waiting for, for all this time
And I can't imagine anything, anything better than
Someday falling in love with you
Holding your hand, making our plans all come true
Someday under a sky so blue, I'll give you my heart
Our story will start someday soon
I wanna be the one who does everything with you
Watching stars, washing cars, taking walks, going to the store
I wanna be the one who gets to change her last name someday
To something that sounds something more like yours
And I can't imagine anything, anything better than
Someday falling in love with you
Holding your hand, making our plans all come true
Someday under a sky so blue, I'll give you my heart
Our story will start someday soon
Yeah, I'll be telling you I love you
On a picture perfect day
And those words inside my head
They sound like angels singing praise
It's what I was made to say, oh
Someday falling in love with you
Holding your hand, making our plans
Someday falling in love with you
Holding your hand, making our plans all come true
Someday under a sky so blue, I'll give you my heart
Our story will start someday soon
