

# No Name

## Uncle Green

Out in the yard, you've got no name  
What's it like to have no name?  
Must be hard, who's to blame?  
What's it like to have no name?

No one's making, no one's making a change  
No name

Under the car, you've got no name  
Everyday you've got no name  
Must be hard, every day's the same  
How's it feel to have no name?

No one's making, no one's making a change  
No name

It's a shame  
That you sleep  
And awake  
In a night  
In the shade  
Of a light  
That is made  
No place

Sit in the chair, you've got no name  
Who knew you've got no name?  
Who knows what's fair?  
It's an empty claim  
It's just that way, you've got no name

No one's making, no one's making a change  
No name  
No name  
No name  
No name
