I've Been Alone Too Long

Soko

Thought I saw your face
at the end of the alley
It was dark but somewhat pretty
just like everything i see
except you were there glowing
your body was floating
off the groundThought I'd come running
try to catch you while i can
but i never seen such beauty
and i stood there paralyzedI swear i saw an angel
but i was too weak to come closer
blinded by its glow and
before i knew
it faded
But I'm still looking for my father
so i cannot have a lover now
I'm still looking for my father
so I cannot have a lover now
so I cannot have a lover nowSo come to me angel
and i swear i'll make a move
it's way too dark out here
and i need your glow to glow
i need your glow to glowSo get out of her darkness
and make room for the light
for i've been alone to long
been alone too long
too long
i've been along to long
been alone too long
too long
So come to me angel
i heard it's bright out there
just don't know how to get there
but i'm only here to learn
i'm only here to learn
so be my precious guy.
