

# Blowin' Free

## Wishbone Ash

I thought I had a girl  
And all because I seen her  
Her hair was golden brown  
Blowin' free like a cornfield She was far away  
I found it hard to reach her  
She told me you can try  
But it's impossible to find her In my dreams everything was all right  
In your schemes you can only try I thought I had a girl  
And all because I seen her  
Her hair was golden brown, yeah yeah  
Blowin' free like a cornfield
