Tarzan

Johnny "Guitar" Watson

Oh let me swing down on this grapevine here
I got a girl and she's so fine (yeah)
Make me want to swing from a grapevine
(ain't that strange?)
she doesn't know what a thing she's causing
Got me running round, wanna holler like TarzanHere's what I say
Owaowhaowhaohwa outlaw
So fineGet on down babyShe's got a cheat, you know you can't beat her
She ain't worrying about there being no cheater
She walks the streets, all the cars start pausing
And all the fellas that are driving start hollering like TarzanOwaowhaowhaohwa outlaw
So fineGet on, get on baby
Get crazy
Get out of the wayWanna holler like TarzanShe's got a cheat, you know you can't beat her
She ain't worrying about there being no cheater
When she starts walking, all the fellas start pausing
And all get together and start hollering like TarzanOwaowhaowhaohwa outlaw
So fine
