

Summertime

Cody Simpson

Everyday at twilight
When the sun turns red in the sky
I think of you on that shoreline
Brushing the hair from your eyes
We were drawing our names on the wet sand
And running away as the tide rolled in
Wherever you are, no matter how far
I promise that I won't give up on you
They say outta sight means outta mind
But that couldn't be further from the truth
'Cause I'm in love with you
I'm still in love with you
Even if there is an ocean
Keeping your heart from mine
That doesn't mean I'm not thinking
About you all the time
I'm counting the days till I see you,
And somewhere I know that you are too
Wherever you are, no matter how far
I promise that I won't give up on you
They say outta sight means outta mind
But that couldn't be further from the truth
'Cause I'm in love with you
I'm still in love with you
Oh oh oh
We had the summertime of our lives
Nothing has ever felt so right
The summertime of our lives
Even though, we had to say goodbye
I know when the world gets wrong
You'll come back to me
'Cause wherever you are, no matter how far
I promise that I won't give up on you
They say outta sight means outta mind
But that couldn't be further from the truth
Wherever you are, no matter how far
I promise that I won't give up on you
They say outta sight means outta mind
But that couldn't be further from the truth
I'm in love with you
I'm still in love with you
I'm still in love with you
No oh oh
