

I And Identify

P.o.d.

Love, suffer, patient, kind
And never bow jealousy
Earth, selfish, no angry
No memory won't separate my wicked ways
Reach for the sky
Don't let it get away
I and identify
This is what love is
Reach for the sky
Don't let it get away
I and identify
This is what love is
Gentle, purified
Stay true, protection
Always trusting, continue hoping
Conquer, never fail
Reach for the sky
Don't let it get away
I and identify
This is what love is
Reach for the sky
Don't let it get away
I and identify
This is what love is
This is what love is
This is what love is
Reach for the sky
Don't let it get away
I and identify
This is what love is
Reach for the sky
Don't let it get away
I and identify
This is what love is
Reach for the sky
Don't let it get away
I and identify
This is what love is
This is what love is
