

# She's Got You

Jimmy Buffett

I've got your picture, you gave to me  
And it's signed, "With love" just like it used to be  
    Only thing different, only thing new  
    I've got your picture, she's got you  
    I've got the records we used to share  
And they still sound the same when you were here  
    Only thing different, only thing new  
    I've got your records, he's got you  
    I've got your memory or has it got me  
Really don't know but I know it won't let me be  
    Won't let me be  
    I've got your memory or has it got me  
Really don't know but I know it won't let me be  
    Won't let me be  
    I've got your class ring that proves you care  
And it still looks the same as when you gave it, dear  
    Only thing different, only thing new  
    I've got your class ring, he's got you  
    Only thing different, only thing new  
    I've got your picture, who's got you  
Who's got you, who's got you, who's got you, who's got you?  
I don't know, I don't know, I don't know, who's got you?  
    He or she? Gender bender to me  
    Who's got you?
