

Pulse

Melissa Etheridge

Everybody's got pain inside
Imaginary wounds they fight to hide
How can I hate them?
When everybody's got a pulse I dream in a world that wants my soul
That tells me if I hate I can't control
But I don't really fit
I cannot conceive it
Because everybody's got a pulse I am human
I am love
And my heart beats in my blood
Love will always win
Underneath the skin
Everybody's got a pulse Once again I hang my head to cry
I can't find a reason why they died
We will find the answer
Blowing' in the wind
Cuz everybody's got a pulse I am human
I am love
And my heart beats with my blood
Love will always win
Underneath the skin
Everybody's got a pulse Who ya gonna hate now
When there's no one left but you
Who you gonna gun down
If you can't tell the truth
That's inside of us
It's inside of love
It's inside of pulse Nah, nah, nah, nah etc.
I am human
I am love
And my heart beats in my blood
Love will always win
Underneath the skin
Everybody's got a pulse I am human
I am love
And my heart beats in my blood
Love will always
Underneath the skin
Everybody's got a pulse I am human

I am love
And my heart beats in my blood
Love will always win
Underneath the skin
Everybody's got a pulse
