

Love School

Avant

This is for my ladies
This is for my ladies
I'm doin' it for you, babe
This is for my ladies
This is for my ladies Lesson one, as the lights go twinklin' down
Inside these four walls
One and one makes two
Baby, just me and you in here We wont need no pencils
We wont need no pens
I wanna get inside of your mind
And make you feel me deep within I wanna take you to love school
You can be my pupil
I wanna take you to love school
You can be my pupil Lesson two, and even though we just met
You're the teacher's pet
And girl, I wanna school you
On somethin' you'll never forget We won't need no desk, baby
We can just use the floor
And there won't be loud talkin'
But you can speak to me nice and low Oh baby, you know teachers ain't suppose to flirt
But I am the one that's gradin' your work
Don't worry about the things that you miss
'Coz I'll make sure you make the D's list I wanna take you to love school
You can be my pupil
I wanna take you to love school
You can be my pupil Class is now in session
This is what I wanna do when I'm makin' love to you
First let me subtract the clothes right off the back
And then when you relax, there's somethin' I wanna add
And when I get in between your thighs, I'll make you multiply I wanna take you to love school
You can be my pupil
I wanna take you to love school
You can be my pupil I wanna take you to love school
You can be my pupil
I wanna take you to love school
You can be my pupil I can hear the school bells in my head
Tinglin', tinglin', tinglin', oh baby
I can feel the school bells in my head
Tinglin', tinglin' tinglin', oh yeah
