

# Harbour

## Barclay James Harvest

To our fore the harbor lights  
Shining out like beacons burning  
They can stop this endless night  
They can stop the wheels from turning  
Say again that we soon will be one  
Faces in a setting sun  
Starlight rakes the silver wing  
Bringing home its sons and daughters  
No-one knows the state I'm in  
Spinning swift above the waters  
Faces in a setting sun  
Say again that we soon will be one
