

Caveman

Jimmy Eat World

A monster lives in your backyard
The 2 by 4s are making their way around
The big get bigger when the fight's done
I found that secret door A man with a shovel's gonna dig deep down
To find out where it feeds a house A catalog full of nothing good
The white house ponders, no remorse
The big get bigger when the fight's done
I found that secret door A man with a shovel's gonna dig deep down
To find out where it feeds a house
