

Back in the Game

Jack Blades

One more day in the life I got nothin to hide
One more stick of the knife its how I knew I was alive
One more wasted high, another alibi, took another hit, cut you down to size, to an empty soul, with such a
crimeChange is where I go when I wanna be free
You think that I'm strange
I never gave them the best of me.And I don't know where I'm going
Doesn't matter anywayBack Back in the game
Back in the gameOne more line on my face another year doesn't lie
One more crack in the glass for the pain I can't hide
One more death of a friend, the sky is fallin again, another room with a view, I'm too tired to pretend, though
I'm feelin alone, I know its never the endChange its where I wanna go when I wanna breathe
Do you think I'm insane
I'm gonna be who I wanna be
And I don't know where I'm going, doesn't matter anyway
Back, Back in the game
Back in the game
Back Back in the game
Back in the gameLie awake in silence
As I watch the violence start
And I watch them disappear
And I watch them disappear...So sick of it all
So sick of it all
So sick of it all
So sick of it all
so sick of it all
so sick of it all
So sick of it all
So Sick Of It All
And I don't know where I'm going, doesn't matter anyway
No I don't know where I'm going and I don't care anywayBack Back in the game
Back in the gameBack Back in the game
Back back...
