## ONE OK ROCK

Gimme more !!!!Gimme more !!!!  
Gimme more !!!!I wanna bring it back, We never carry on  
I wanna bring it back, We never carry on  
Seize it somehow, Seize it somehow  
Only thing I loseWe hurry on (On!),  
Cuz we are coming to the end  
We hurry on (Yeah!),  
Cuz we are coming to the end  
I know it's me  
I could be one from millions  
I never trust anything to surviveNo no  
That's all, I'll be all right  
No no  
That's why you take me back  
No no  
That's the price I must pay?  
I've got to leave you nothing to take anymoreNo no  
That's all, I'll be all right  
No no  
That's why you take me back  
No no  
That's the price I must pay?  
No scared to death with the burning blue flame  
We areCan you! (Can you!)  
Reach out?! (Reach out?!)  
Shout it out!! (Shout it out!!)  
Shout it out!! (Shout it out!!)  
Seize it somehow, Seize it somehow  
Only thing I loseWe hurry on (Yeah !)  
Cuz we are coming to the end  
We hurry on (Yeah!)  
Cuz we are coming to the end  
I know it's me  
I could be one from millions  
I never trust anything to surviveNo no  
That's all, I'll be all right  
No no  
That's why you take me back  
No no

That's the price I must pay?  
I've got to leave you nothing to take anymoreNo noThat's all, I'll be all right  
No no  
That's why you take me back  
No no  
That's the price I must pay?  
No scared to death with the burning blue flame  
We areI wanna bring it back, We never carry on  
Seize it somehow, Only thing I lose  
Yeah, We hurry on,  
I could be one from millionsTouch it touch it,  
Don't you know it's just begun  
Watch it watch it,  
Make me feel like the man  
Break it break it.  
We can't leave it undone  
Kill the sound,  
You are maybe aliveWhat do we forgot!!!No no.....on my own  
No no.....on my own  
I've got to leave you nothing to take anymoreNo no  
That's all, I'll be all right  
No no  
That's why you take me back  
No no  
That's the price I must pay?  
Now moving closer to the blue flame  
We are!!!!No no  
That's all, I'll be all right  
No no  
That's why you take me back  
No no  
That's the price I must pay?  
I've got to leave you nothing to take anymoreNo no  
That's all, I'll be all right  
No no  
That's why you take me back  
No no  
That's the price I must pay?  
No scared to death with the burning blue flame
