

# All Dressed Up

## Blisterhead

She's weighin' on my mind and it won't let up  
I couldn't get enough of her  
She's out on the town and she's all dressed up I couldn't get enough of her  
She walked into the room and the place lit up  
I couldn't get enough of her  
Distance is lifting me up  
I couldn't get enough of her love  
I couldn't get enough of her  
Here's a song for you I play  
For all of my life, for all of my days  
Life is short but the summer is long  
And we could get together a lot before the fall  
And when you get near, close enough to hear  
My mind just settles, the thoughts just clear  
And I could touch you right and I could rush you right  
Them walls gonna fall like the full moon-light, yeah, yeah  
She's weighin' on my mind and it won't let up  
I couldn't get enough of her  
She's out on the town and she's all dressed up  
I couldn't get enough of her  
She walked into the room and the place lit up  
I couldn't get enough of her  
Distance is lifting me up  
I couldn't get enough of her love  
I couldn't get enough of her  
Here's a song for you I play  
For all of my life, for all of my days  
Life is short but the summer is long  
And we could get together a lot before the fall  
And when you get near, close enough to hear  
My mind just settles, the thoughts just clear  
And I could touch you right and I could rush you right  
Them walls gonna fall like the full moon-light, yeah, yeah  
She's weighin' on my mind and it won't let up  
I couldn't get enough of her  
She's out on the town and she's all dressed up  
I couldn't get enough of her  
She walked into the room and the place lit up  
I couldn't get enough of her

Distance is lifting me up  
I couldn't get enough of her love  
She's weighin' on my mind and it won't let up  
I couldn't get enough of her  
She's out on the town and she's all dressed up  
I couldn't get enough of her  
She walked into the room and the place lit up  
I couldn't get enough of her  
Distance is lifting me up  
I couldn't get enough of her love  
I couldn't get enough of her  
I couldn't get enough of her  
I couldn't get enough of her
