

# Till the Waterâ€™s All Long Gone

## The Decemberists

[Chorus:]

They came down from the mountains  
They strained too long from the fountain  
And all the while  
All the while they longed for us  
But I won't betray, I won't betray, I won't betray, I won't  
No, I won't betray, I won't betray, I won't betray, I won't  
Till the water's all long gone

[Verse:]

And you, my sweet flower  
And how you proved more sweet by the hour  
And loath those eyes, loath those eyes  
To lose you  
My tender rose, my slender rose, my darling  
My tender rose, my slender rose, my? Darling  
But my darlin's long long long...

[Chorus:]

They came down from the mountains  
They strained too long from the fountain  
Oh my girl, oh my love, I've lost you  
But I won't betray, I won't betray, I won't betray, I won't  
No, I won't betray, I won't betray, I won't betray, I won't  
Till the water's all long gone
