

Cure the Thunder (feat. T-Pain)

Sergey Lazarev

Build me a bridge,

 cry my a river

Give me one chance,

 I'll try to deliver

I've been trying not to shiver But you got me drinking,

 come and buy me a liver I been driving a little,

 remember you told me You a ride for a nigga

I really wanna forget her But my emotions go up and down like ...I've been dying to get her I Wish I was with

 her, I'd kiss her And never,

 ever let her go

Never know she could take control on my soul

And I'd be forever blessed, To be captured in her presence This whole time she'd been crying on my shoulder

 If you can get over the pain we're under,

 yeah Try to get closer

 and cure the thunder,

 yeah If the skies crash down

 I'mma let her tears run up,

 yeah I'll keep holding on till the clouds have gone,

 yeah We can cure the thunderI'm holding on for the skies to finally clear,

 yeah I'm holding on for a life until you're here,

 yeah If we don't wait the pain will disappear,

 yeah We can't stop the tears,

 stop the tears,

 stop the tears,

 yeah

 If we can get over the pain we're under,

 yeah Try to get closer and cure the thunder,

 yeah If the skies crash down

 I'mma let her tears run up,

 yeah I'll keep holding on till the clouds have gone,

 yeah We can cure the thunderI've been dying to get her I Wish I was with her,

 I'd kiss her And I'd never, ever let her go

 Never know she could take control on my soul

 And I'd be forever blessed,

To be captured in her presence This whole time she'd been crying on my shoulderIf we can get over the pain

 we're under,

ahhhhhh ahhhhh ahhhhhhh ahhhhh x2If we can get over the pain we're under,

 yeah Try to get closer and cure that thunder,

 yeah If the skies crash down I'mma let her tears run up,

yeah I'll keep holding on till the clouds have gone,

yeah We can cure the thunder
