

# Out of This World (Oakenfold Remix)

## The Cure

When we look back at it all as I know we will  
You and me wide eyed  
I wonder will we really remember  
How it feels to be this alive? And I know we have to go  
I realize we only get to stay so long  
Always have to go back to real lives  
Where we belong  
Where we belong  
Where we belong When we think back to all this and I'm sure we will  
Me and you here and now  
Will we forget the way it really is  
Why it feels like this and how? And we always have to go I realize  
We always have to say goodbye  
Always have to go back to real lives  
But real lives are the reason  
Why we want to live another life  
We want to feel another time another time  
Another time To feel another time We look back at it all as I know we will  
You and me wide eyed  
I wonder will we really remember  
How it feels to be this alive? I know we have to go  
I realize we always have to turn away  
Always have to go back to real lives  
But real lives are why we stay for another dream  
Another day, for another world  
Another way, for another way One last time before it's over  
One last time before the end  
One last time before it's time to go again
