X-Ray Specs

The Sweet

Well I don't need any dirty pictures
Watching films in a sleazy dive
I get no kicks out watching blue films
You know that I rather see it live
You know it really turns me on
It won't be long before I come
And honey I ain't talking about sex
I'm wearing X-Ray Specs
And I'm having you in view
I'm wearing X-Ray Specs
And I'm watching you
And I'm watching
Yeah I'm watching
I'm wearing X-Ray Specs
I love the way you do your makeup
I love the way that you do your hair
But I don't care what you might be wearing
Cause for me you are dressed in air
You know it really turns me on
It won't be long before I come
And honey I ain't talking about sex
I'm watching you, I'm wearing X-Ray Specs
I'm watching you and I'm wearing
Year I'm watching
You know it really turns me on
It won't be long before I come
And honey I ain't talking about sex
