

Record Straight (Fine Cut Bodies Remix)

Neo

1 for the money
2 for the show
Time to put your record straight
Thats right, here we go
Make a brand new start
No need to cry
Got a hundred reasons
To give a try
Rely on music
Your guiding star
The whole wide world is at your feet
And nothings too farMusic is grave infesction
Ive got to hold onto itWhen you close your eyes
You feel vibration int he air
When you close your I-s
The sound of sphere spreads everywhere1 for the money
2 for the show
Time to put your record straight
Thats right, here we go
