Galvanise

The Chemical Brothers

(Don't hold back)
'Cuz you woke up in the morning
With initiative to move
So why make it harder(Don't hold back)
If you think about it
So many people do
Be cool man, look smarter(Don't hold back)
And you shouldn't even care
About the losers in the air
And their crooked stares(Don't hold back)
'Cuz there's a party over here
So you might as well be here
Where the people careThe world is holding back
The time has come to
The world is holding back
The time has come toThe world is holding back
The time has come to galvanize(Don't hold back)
If you think about it too much
You may stumble
trip up fall on your face(Don't hold back)
You think it is time
You get up fresh style
Like a sit-up come on keep pace(Don't hold back)
Put apprehension on the back burner
Let it sit, don't even get it lit
(Don't hold back)
Get involved with the jam
Don't be a prick, hot chick(Don't hold back)
The world, the world
The time has come to
Push the buttonThe world, the time
Has come to push the button
The world, the time
Has come to push the button, the worldMy finger is on the button
My finger is on the button
My finger is on the button
Push the button
The time has come to galvanize
