

Jesus Is in the House

11th Hour

Jesus In The House

VERSE 1

A man was lame so long, He thought all hope was gone,
He needed someone strong to get him through the throng.
His friends they raised the roof, they had to get him through somehow,
they knew the healer; Jesus was in the house!

CHORUS

Tear off your roof of fear, tear off your roof of doubt,
lay down your problems, Jesus is in the House!
Tear off your roof of pain, it's time to lay it down.
It's gonna be alright, Jesus is in the house!

VERSE 2

You're overwhelmed with care, no answers anywhere,
burdens so hard to bear, you need someone to share.
You have no options left, by faith just take a step now.
It's gonna be alright, Jesus is in the house! Yeah!

CHORUS

BRIDGE (twice)

He has the answers, He has all power,
He is the master, He's here this very hour.

CHORUS

Jesus is in the House. Jesus is in the House!!!
