Never Give Up

Luminate

I'm sick of hearing the same things
Sick of all this heartache 'cause it's everywhere I turn
We're fighting the good fight but we're tired on the inside
Beaten down by all this hurt, it'd be so much easier to run awayBut we'll never give up, no, we'll never give up
When the fear rolls in and the lights go out
We'll never give up, no we'll never give up
When it all falls down, it all falls downYou reign, You are everything, Your love is enough
So we'll never give up, no, we'll never give up
When it all falls down, it all falls down
No way, no way, no wayThere are times that I trust You, there are times that I blame You
'Cause the pain's so hard to take
But I'm not gonna try to figure out how You move
'Cause Your promises don't change, no
So bring on the fire, bring on whatever
'Cause there's no disaster that You can't handle
