Down with My Demons

Sinners Are Winners

Evil's just live spelled backwards 3x
Live is just evil spelled backwards

I'm the darkness
I'm the terror
And the demons are outside
I'm a dark side,of the moonlight
I'll take you to new heights
Invincible, incredible
Like the hulk,I'm unstoppable.
Life is short,then you die
So might as well get fucking high!

Here's your adventure's first step
Take this trip to wonderland.
Have I gone mad?
I'm afraid so.
All the best people will let go.
Trippin' from the drugs
Feeling just fine,
Don't lose your mind,enjoy the ride!
I feel like I'm,in outer space
Come to my senses in this place!

If you don't belive in magic...
You will never find it!

I used to go to church
Now I pull up in a hearse.
Down with my demons,
only the can hear me screaming.
Fuck the faith
In drugs I embrace
Jesus couldn't save
So I rave to my grave!

Down with my demons
Down with my demons
My demons
Down with my demons

Down with my demons
My demons

Life is short,then you die
So might as well get fucking high!

Trippin' from the drugs
Feeling just fine
Don't lose your mind,enjoy the ride!
I'm so high,high up in the sky
Never coming down,my sorrows drown
When I'm stressed,and deppressed
Magically makes it hurt a little less
Take another hit,drink a little more
Getting fucked up
The devil's at my door!

If you don't belive in magic...
You will never find it!

I used to go to church
Now I pull up in a hearse.
Down with my demons,
only the can hear me screaming.
Fuck the faith
In drugs I embrace
Jesus couldn't save
So I rave to my grave!

Down with my demons
Down with my demons
My demons
Down with my demons
Down with my demons
My demons

Life is short,then you die
So might as well get fucking high!

I'm the darkness
I'm the terror
And the demons are outside
I'm the dark side of the moonlight
I'll take you to new heights

Wash it down

Wash it down!
Demons drown
Demons drown!

Life is short,then you die
So might as well get fucking high! 3x
Life is short,then you die
So let's get high enjoy the ride!!
Let's get hight enjoy the ride
Life is short,then you die
So let's get high enjoy the ride!!
Let's get hight enjoy the ride
Life is short,then you die
So let's get high enjoy the ride!!

Down with my demons
Down with my demons
My demons
Down with my demons
Down with my demons
My demons
Down with my demons
Down with my demons
My demons

Life is short,then you die
So might as well get fucking high!

Down with my demons
Down with my demons
My demons
Down with my demons
Down with my demons
My demons!
