

Very Good Sir

[Nerina Pallot](#)

Very good sir, getting better
Could be amazing if you'd try.
Such a sweet boy, very Catholic
Eyes so beautifully wide. But i'm just a bloodhound, really.
Hunting with the pack - I do it well.
I only chase to pass the time.
I have been desperately wondering if you want me lately
I only need to see a sign.
C'mon and show me now..... Very good sir, getting better
But you won't look me in the eye.
Do I scare you? If I dared you,
Would you like to come inside? Here on the one hand
The gentle way of happiness -
You only want to drag me down.
Coke in your bathroom cabinet -
Scary is your night time habit,
I want to wipe away your frown... Very good sir, yes it's better
Since you looked me in the eye.
Such a sweet boy, very Catholic
Eyes so beautifully wide. So why must you fight?
Why not live and let the world go by every day.
And what makes you right? How much you earn?
Don't you know your cash won't buy what love will buy. Very good sir, yes it's better
Could be amazing if you'd try
Such a sweet boy, very Catholic
Eyes so beautifully wide.
