About Time

Emily Ulman

We've been through this a thousand times
And I've never been more sure then I am right now
Cassie, ugh, shh
Please don't say anything it's just about that time
I guess it's about time that I'm finally moving on
I don't really care if it's right or wrong
And in spite of the way I love your touch
You know it's gon' be better for both of us
It hurts like hell but I got to try
You already know the reason why
So no matter who's right or wrong
I think it's finally time that I'm moving on
Oh, I can't stop the way I love you
I've got to let this go although we've tried
Doesn't really matter no more
And I don't know what I stay here for
Especially when I know, I gotta
I gotta make a move
I guess it's about time that I'm finally moving on
I don't really care if it's right or wrong
And in spite of the way I love your touch
You know it's gon' be better for both of us
It hurts like hell but I got to try
You already know the reason why
So no matter who's right or wrong
Think it's finally time that I'm moving on
Don't tell me I should stay, it's too late
Now to think we can make this work somehow
You should know the truth it's over
Over and done, ohh and I can't believe
All of this time you've had me thinking

Thinking you would call me late night
Knowing damn well you wouldn't do it
Telling me I was still on your mind
Don't know why you had to put me through it
Thinking I'm still livin' for your love
It was all over and you knew it
Although its gonna be hard to let this go

Boy this is something i gotta do
I guess it's about time that I'm finally moving on
I don't really care if it's right or wrong
And in spite of the way I love your touch
You know it's gon' be better for both of us
It hurts like hell but I got to try
You already know the reason why
So no matter who's right or wrong
Think it's finally time that I'm moving on
Gave you all of my heart, all of my body
All of my soul, all of my precious time
And you know it's so hard loving somebody
And I loved you so good, baby, you can't deny
You know this time that respect just goes away
Let it fade away
And the only way to heal is to give me time and space
And I guess it's about time that I'm finally moving on
I don't really care if it's right or wrong
And in spite of the way I love your touch
You know it's gon' be better for both of us
It hurts like hell but I got to try
You already know the reason why
So no matter who's right or wrong
Think it's finally time that I'm moving on
