

# Hollow Man

## The Boat Drunks

It's so nice to get away, get away for a day

I see a hollow man, gun in hand, gun in hand, it points my way

You know, he follows me everywhere and everyday, I gotta get away

I won't miss him if he goes away and stays away, yeah, yeah

He's just a hunter for the devil

Hollow man

Hollow man

Hollow man

He's just a hunter for the devil

Hollow man

Hollow man

Hollow man

It's so nice to get away, get away for a day

I see a hollow man, gun in hand, gun in hand, it points my way, oh

You know, he follows me everywhere and everyday, I gotta get away

I won't miss him if he goes away and stays away

Oh yeah, yeah, yeah, yeah

He's just a hunter for the devil

Hollow man

Hollow man

Hollow man

He's just a hunter for the devil

Hollow man

Hollow man

Hollow man

Yeah, yeah

Yeah, yeah, yeah
