

Skin

Rihanna

The mood is set,
So you already know what's next
 TV on blast,
 Turn it down,
 Turn it down
 Don't want it to clash,
 With my body screaming now
 I know you hearin' it,
 You got me moaning now
 I got a secret set I wanna show you, oh
I got a secret I'mma drop 'em to the floor, ohNo teasin',
 You waited long enough
 Go deep,
 I'mma throw it at ya,
 Can't catch it
 Don't hold back,
 You know I like it rough
 Know I'm feelin' ya, huh
Know you liking it, huhSo why you standing over there with ya clothes on,
 Baby strip down for me,
 Goin' take 'em off
 Don't worry baby,
 I'mma meet you half way,
'Cause I know you wanna see meAlmost there,
 So baby don't stop what you're doing
 Softer then them other,
 Boy I know you wanna touch
 Breathing down my neck,
 I can tell ya wanna (sh)
 And now you want it like,
 Want you to feel it now
 I got a secret set I wanna show you, ooh
I got a secret I'mma drop em to the floor, oohNo teasin',
 You waited long enough
 Go deep,
 I'mma throw it at ya,
 Can't catch it
 Don't hold back,
 You know I like it rough

Know I'm feelin' ya, huh
Know you liking it, huhSo why you standing over there with ya clothes on,
Baby strip down for me,
Goin' take 'em off
Don't worry baby,
I'mma meet you half way,
'Cause I know you wanna see meNo heels,
No shirt,
No skirt,
All I'm in is just skin
No jeans,
Take em off,
Wanna feel your skin
You a beast, oh
You know that I like that
Come on baby,
All I wanna see you in is just skinOh oh
Your skin, boy
Oh oh
Just skin
Oh oh
I'm loving your skin
Oh ohAll in baby,
Don't hold nothing back
Wanna take control,
Ain't nothing wrong with that
Say you liking how I feel,
Ain't gotta tell me that
Just put your skin baby on my skinNo heels,
No shirt,
No skirt,
All I'm in is just skin
No jeans,
Take 'em off,
Wanna feel your skin
You a beast, oh
You know that I like that
Come on baby,
All I wanna see you in is just skinOh oh
Your skin, boy
Oh oh
Just skin
Oh oh
I'm loving your skin
Oh ohNo heels,

No shirt,
No skirt,
All I'm in is just skin
No jeans,
Take 'em off,
Wanna feel your skin
You a beast, oh
You know that I like that
Come on baby,
All I wanna see you in is just skin
All I wanna see you in is just skin
All I wanna see you in is just skin, just skin
All I wanna see you in
All I wanna see you in is your skin, ooh
